DUANE EDDY
'Duane Eddy'

Release date: 17 July 2006

Duane Eddy is best known for his twangy guitar and had a number of instrumental hits in the late 50's and early 60's. He is known as one of the top rock instrumental artists ever and has achieved worldwide record sales in excess of 100 million.

In 1987 Duane Eddy was joined by some of the top names of the rock-and-roll era when he released his album '**Duane Eddy**' on Capitol. Among those who produced tracks were Paul McCartney, Jeff Lynne, Art of Noise, Ry Cooder, and of course Duane himself. Other contributors included John Fogerty, George Harrison, David Lindley, Steve Cropper, James Burton and original Rebels Larry Knechtel and Jim Horn. For the first time this legendary album is being made available digitally.
